Note from the President

It's Time to Standup-

As the calendar turns into October, it should be slowing down for the car show season, but as I can see, there is still something going on every weekend. So don't put that car away for the winter yet! Come on out to all the Fly-in's, and chili cook-offs to see what you can do to your project, or let someone see what you've already done to yours.

We were somewhat of a bind when we were notified via our web site by Weber Ford, who in their email wanted our club to help them put on a car show for their Grand Opening in Granite City. When I first notified them, I explained to them that our major Ford sponsor was Roberts Ford, they quickly realized the loyalty not only to other Ford dealerships in the area, but the spot it would put our club in as well. Although we can't help them with any type of show and/or cruise-in, we could bring down our cars in a "Display Only" type of setting, which is what they were really looking for in the first place. In turn, in meeting with Weber Ford in person, I asked them to contact the Model T Club of St. Louis, and I would pass it on to our club and Rusty Rods Car Club so they could have a good display of cars. So, if you would like to display your favorite Ford, Weber Ford will be holding a Open House on Saturday, Oct 21st (it was mentioned as Oct 14th at the last meeting) from 11 AM-3 PM. Come out and get you a hot dog, soda and maybe a piece of cake and enjoy the day displaying your favorite Ford. We'll have a signup sheet at the next meeting. And speaking of the 21st, later that evening we'll all be heading up to Jeff and Theresa's for their annual bonfire, so it should be a well rounded day.

In the past month our club has been in print three times. In the September issue of MCA's "Mustang Times" John Clor's article talked of his attending our show in July. Then on September 21st, the on-line issue of Ford Performance was an article from Mr. Clor on our show with some pictures of some of the cars at the show. Again the following week (Sept 28th) on the Ford Performance on-line newsletter was another article in which Mr. Clor stated what a great time he had at our show and was impressed with the quality of the cars at our show. An article has been submitted to MCA's "Mustang Times" about our show last July and Mr. Farr (Editor) replied that he would get it in ASAP, which means in the magazine world, the December or January issue.

At October's meeting we will be taking nominations for all club officers and our Regional MCA Director. So now is the time for all members to stand-up and let your voices be heard. Don't be afraid to step up to the

OWNERSHIP NOT ESSENTIAL.....ENTHUSIASM IS!!!!!!!!!!!!

plate and do your part for the team. Nominations will be held at the October meeting and held over to the start of the November meeting where they will be closed and voting will take place. Any current club officer will have the opportunity to request to be replaced at the October and/or November meeting.

Also at the October meeting we will be passing around a sign-up sheet for our 41st Annual Mustang & All Ford Round-up (July 21, 2018) Show Committee. So if there's thing that you like or disliked about our show and would like a larger say in how it's done--sign up! New faces and ideas are always welcome.

Our garage boys have been successful twice in the last month by getting Ollie's car running and the engine finally into Kim's Cobra II. So if you need help with a project just let us know and we'll set up a time to come and help you out. They came over and helped me out on a Sunday afternoon, so don't worry about having to do it at night, we'll work with when you have the time.

This is usually the time that I say that I hope to see you at the next meeting but Kim and I will be in Dallas, Texas attending the MCA's Regional Director's meeting (any MCA member can attend). Kim will have a full report for you at the November meeting, while presenting the club with the MCA's President's Award, which is earned by accumulating points for various things the club does during the year. I don't know if our club has ever received this award before but it was one of my personal goals for the club when I was elected President. This award is for the 2016 calendar year, so this will be for last year. It looks like we have enough points already this year as well, and it's all thanks to each and every one of you.

So come out and support and help Ron run the meeting (Sorry, no gavel!). If I don't see you at Weber Ford, Kim and I will see you all at the bonfire...Steve

Future Home Of
**THE NATIONAL
MUSTANG MUSEUM**
Opening Summer of 2017

**Finally!
There is going to be a
Ford Mustang Museum!**

The Ford Mustang was first presented to the public on Friday, April 17th, 1964, over 52 years ago. Ever since that day, you have been able to go to any Ford Dealer and buy a new Ford Mustang. Over the years, there have been hundreds of different models and Special Editions. Shelby's, Saleen's, Roush's, McLaren's, Bullitt's, "K" Code's, GT's, Boss 302's, Boss 429's, MACH I's and so many more. The Mustang has appeared in hundreds of motion pictures. At one time, there were no less than seven magazines dedicated to the Mustang. If there ever was a car deserving of it's own museum, it's the Ford Mustang! Come celebrate the Mustang with us!
